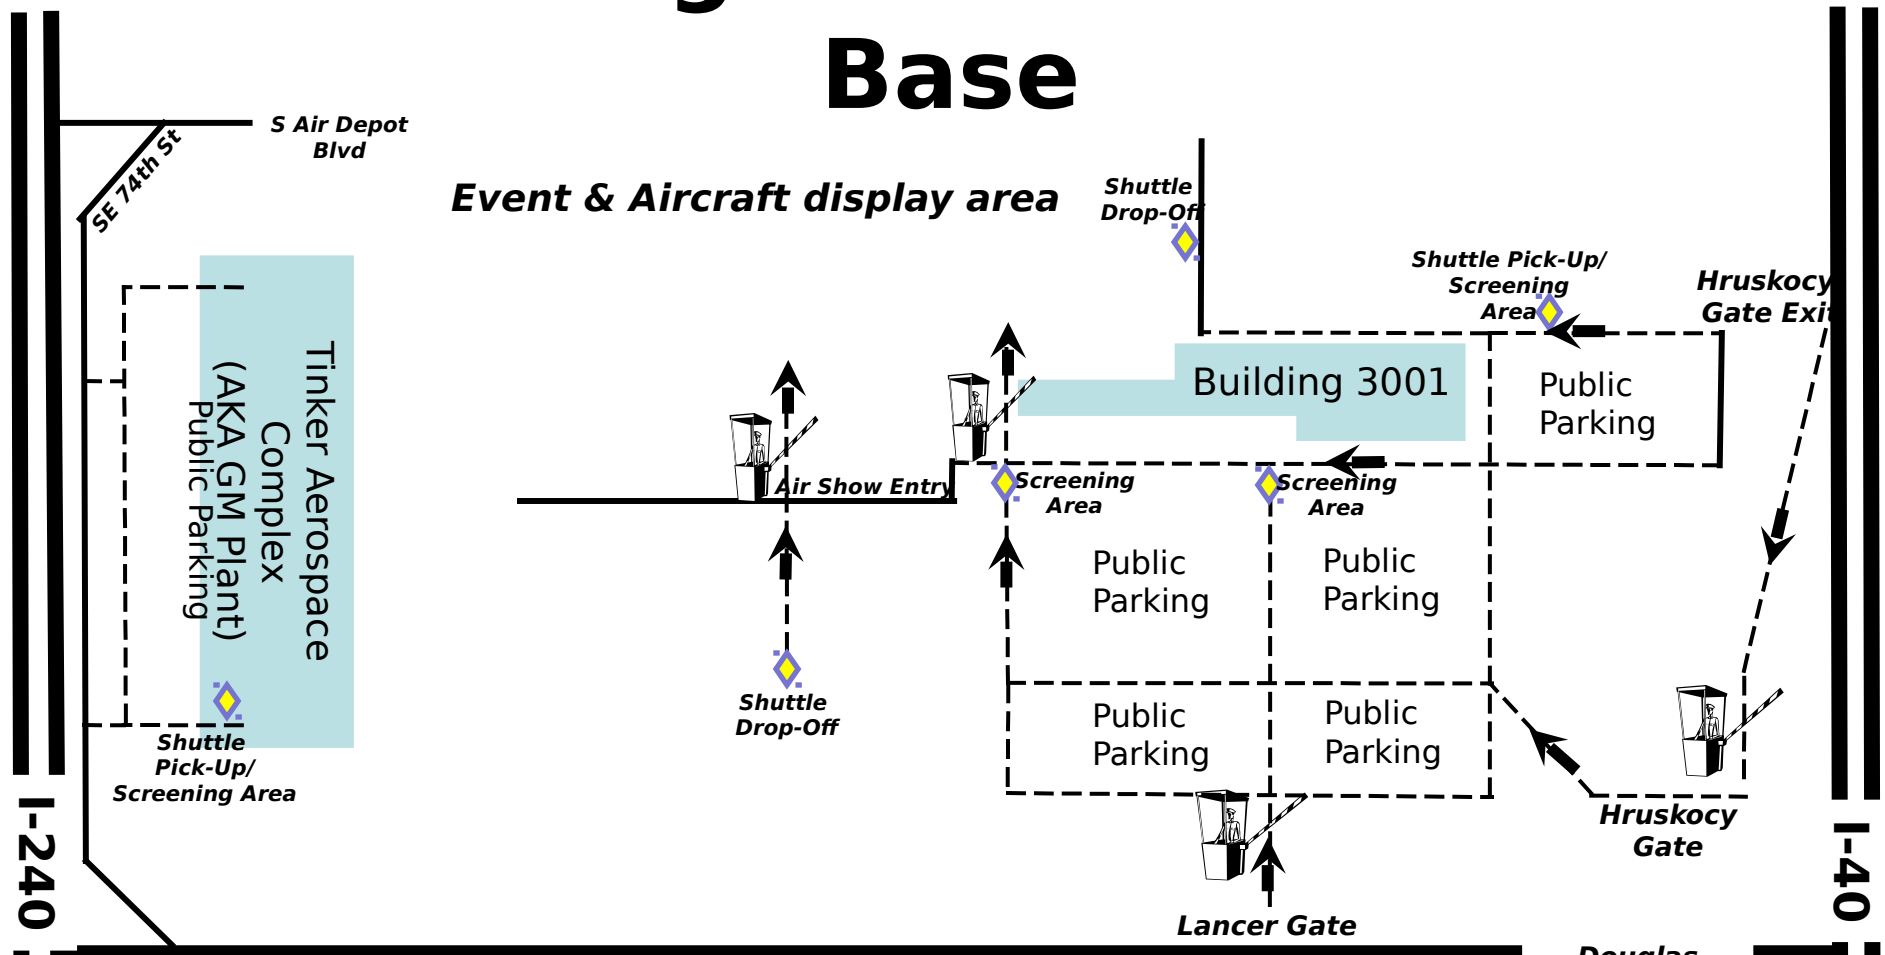
Entering Tinker Air Force Base



Directions: The Tinker Aerospace Complex (TAC) at the I-240/Air Depot exit is the recommended parking. Free shuttle service to and from the Tinker flightline for the TAC and North end parking lot is provided with limited walking required. However, all guests with strollers, wheelchairs, or wagons are highly encouraged to enter through the **Lancer** or **Hruskocy** gates to mitigate excessive time spent loading/unloading buses.

Please have your driver's license available for the gate guards. Upon entering the base you will be directed to free parking areas.

Be safe and have fun!
